

Brighton Hospice has created this Public Disclosure Statement in order to demonstrate the terms and conditions of our commitment to all interested parties.

Our information and dissemination practices pertaining to Public Disclosure can be found on our website [www.brightonhospice.com](http://www.brightonhospice.com) and in our Patient Information Handbook.

Anyone has the right to request information about the ownership group and our management company. Patients, their representatives and interested parties may, upon request, receive information pertaining to the ownership group as well as to the philosophy/mission and practice of Brighton Hospice.

Brighton Hospice is owned and operated by Brighton Hospice, LLC, whose past and present interest has been to provide excellent care to our hospice patients and family members and to operate business using the highest ethical business practices.

Any hospice patient or interested parties have the right to obtain information on the licensing, credentialing and the service regarding any one of our managed hospices.

Brighton Hospices philosophy, mission and purpose can be found in all of our informational brochures, the Patient Information Handbook and in the Public Disclosure Information Packet from each of our managed hospices.

The hospice philosophy is extended to our patient and family members, our vendors, our provider partners (physicians, hospitals, nursing homes, assisted living facilities etc.) and to every governmental, civic, religious and voluntary agency/organization in one of our service areas.

We publicly disclose the methods by which we protect our patient's rights and the ethical standard by which we conduct our business and clinical programs.

A copy of specific information may be requested in writing per the HIPAA Regulatory Standards. Each of our managed hospices will provide information once a written report has been received if disclosure of such information is permitted by law and regulations.
